Disabled Person's Plates & Placards

Utah State Tax Commission

9/01

Disabled Person's Plates or Placards

Qualifications for Disabled Parking

Disabled individuals can qualify for disabled person's license plates, that are mounted on their car in place of regular license plates; or disabled person's placards, that are hung from the rear view mirror of their car. These plates and/or placards allow the disabled person to park in specially marked parking areas that are convenient to the entrances of public buildings.

Federal and state law defines "disabled" as a person who meets at least one of the following six criteria:

- 1) cannot walk 200 feet without stopping to rest;
- 2) cannot walk without the use of, or assistance from, a brace, cane, crutch, another person, prosthetic device, wheelchair, or other devices;
- 3) is restricted by lung disease to a specific standard;
- 4) uses portable oxygen;
- 5) has a cardiac condition to a specific standard; or
- 6) is severely limited in their ability to walk, due to an arthritic, neurological, or orthopedic condition.

Obtaining Plates or Placards

Application for a disabled person's plate or placard may be made at your local Motor Vehicle office. Approval will require a Form TC-842, Disabled Person And Physician Disability Certification, with the "Physicians Disability Certification" section completed by a licensed physician.

Cost of Plates or Placards

There is no cost for the permanent or temporary placard. There is a \$5 fee for a disabled person's plate, in addition to your regular motor vehicle registration fees.

Temporary Placards

Temporary placards, valid for up to six months, are available at your local Motor Vehicle office. As with the permanent placard, a physician's certification is required describing the nature and expected duration of the disability.

Displaying a Placard

The placard must be hung from the rear view mirror so it is visible from the front of the vehicle. ***Do not display the placard while driving.***

Where to Park

Any vehicle displaying a disabled person's plate or placard may park without charge, for reasonable periods of time, in metered parking zones and restricted parking areas. They are not valid for parking in zones marked for emergency use.

Only vehicles displaying a disabled person's plate or placard, ***and transporting a qualified disabled person***, may park in a parking space that is clearly identified as reserved for use by a disabled person.

Plates and Placards from Other States

The parking privileges granted to disabled residents of Utah are also extended to residents of other states, Canada, or Mexico while visiting Utah.

Other Reasons for Qualification

Many people (such as new mothers, people with minor injuries, and others) can obviously benefit from the use of disabled parking privileges. However, each case must meet one of the six criteria listed in the first section of this brochure in order to qualify.

Extra Placards for Additional Vehicles

In addition to your disabled license plates, you may receive one permanent disabled placard which may be used in any vehicle when transporting a qualified disabled person.

Placards' Length of Validity

Permanent Placards are valid for two years from the month they are issued. There is no fee for renewal, and an additional doctor's statement for renewal is not needed.

Temporary Placards are valid for a period of time, designated by the physician, not to exceed six months. They cannot be renewed. Should your temporary disability continue past six months, you may apply for another temporary placard upon obtaining a new physician's certification.

Replacing a Lost Placard

To replace your temporary or permanent placard, you must complete a replacement application form, TC-842, available from any Motor Vehicle office. There is no charge for this application.

Abuses of Disabled Parking Privileges

If you see what you suspect is a violation of disabled parking privileges, you should contact your local law enforcement agency.

Obtaining Additional Information

To obtain additional information, visit your local Motor Vehicle office. Office locations are listed on the following page.

You may also call the Tax Commission, Division of Motor Vehicles, at 297-7780 in the Salt Lake area, or 1-800-DMV-UTAH outside the Salt Lake area. For additional information for those using Telecommunication Device for the Deaf, call TDD 297-2021.
